2008 Teeth Whitening Menu

NEW! Zoom! Advanced Power © Whitening

A convenient, yet effective in-office bleaching process that lightens discoloration of enamel and dentin by using a light activated whitening gel. A study has shown that use of the Zoom! lamp increases the effectiveness of the Zoom! gel by 26% or more, giving an average improvement of up to four shades in one visit. **Includes custom fit bleaching trays for post treatment touch ups. Bleaching Consult Required.**

NEW! Boost © Whitening System

Fast, safe and effective, the Boost© Whitening System can help you brighten your smile by up to four shades in just one visit! If you are looking for immediate results, then a Boost© program may be right for you! No UV lamp needed. **Bleaching Consult Required.**

This package offers all of the benefits of the Boost© in-office program, PLUS the convenience of take-home whitening to help you maintain your results! This Introductory Package Includes:

- Boost© 1 Hour In-Office Whitening
- Reusable take-home trays
- 4 tubes of whitening formula (designed for safe at-home use)

Customized At-Home Whitening

Gradually brighten your smile with this safe, convenient and easy-to-use system. Our at-home whitening formulas are gentle enough for you to use at home. For added comfort, bleaching trays are customized to fit, so you can wear them at a time that is most convenient for you!

Take Home Bleach Refills

4 tubes of whitening formula in chosen flavor and bleach concentration. We currently offer 10%, 15% and 20% bleach formula in 3 flavors to choose from.

Touch-Up / Single Appointment or Package of 3 Appointments

This in-office whitening program is a good choice for those who prefer traditional whitening systems, but are unable to wear bleaching trays for an extended period of time. The 45% bleach formula is administered by a dental professional and allows you to safely brighten your smile in a series of 30-minute appointments. Also great for touch-ups!

You can schedule 30 minutes after your next cleaning to get a whitening touch up—just be sure to bring your trays with you.

Call (703) 793-1771 to schedule your complimentary bleaching consult.

Prices are subject to change. As with any cosmetic procedure, results may vary between individuals. Results quoted in this menu are typical but not guaranteed. We can help you determine which option is right for you.
